30911 - BSH.Sport and Exercise Science Dashboard

The statistical information is based on Student HESA Returns and is updated with the latest annual data at the end of November (application data is provided from Student Recruitment)

Application and Entry Statistics

Applications to Places Ratio

This report compares end of year UCAS application figures to targets and headcounts. The application figures are only compared to the total Full Time/Sandwich, Year 1, OfS, NHS and Education funded targets and headcounts.

Year	Applications to Target	Applications to Headcount
2627	4 : 1	4 : 1
2526	5 : 1	4 : 1
2425	5 : 1	5 : 1
2324	5 : 1	5 : 1
2223	6 : 1	5 : 1
2122	6 : 1	5 : 1
2021	6 : 1	5 : 1
1920	6 : 1	5 : 1
1819	4 : 1	6 : 1
1718	5 : 1	5 : 1

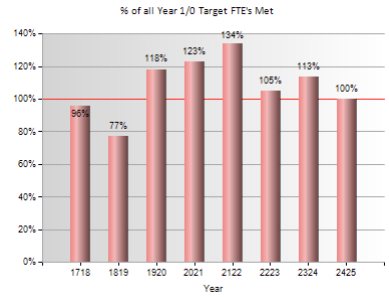

Average Tariff Points:

The figure quoted is based on the same criteria used by certain league tables which filter for First Degree, Full Time, Young, Year 1, new entrants and with a highest qualification on Entry of 'A Levels, Higher & Equivalent'

Year	Average Tariff Points	Average Tariff Points New
2425	130.77	130.00
2324	134.53	134.00
2223	139.29	139.00
2122		148.00
2021		145.00
1920		163.00
1819		158.00
1718		159.00

FTE Targets

Target FTE Met - Summary

The student number targets are the output of a process relating to the allocation of student numbers (and FTEs) in order to maintain a position within the OfS contract range and parameters set by other public funding bodies.

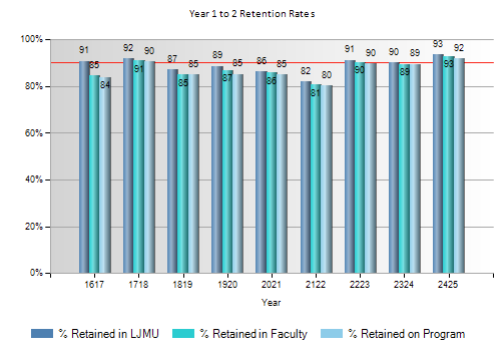

This section compares the Target FTEs set with end of year actual FTEs of students with activity throughout the year (taken from the annual return submitted to HESA). Any dormant or intermitting students will not appear in the totals.

Current term figures are updated daily

Year 1 to 2 Retention

Retention Rates

Click here to view a breakdown of Retention rates >>

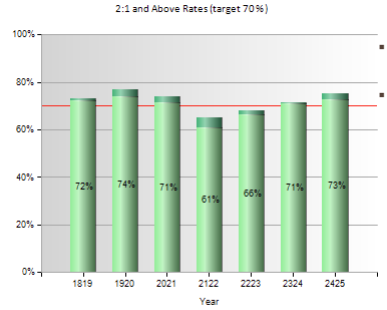

The Retention reports consider OfS, NHS and Education funded Undergraduate and Postgraduate taught students who were enrolled on Level 1 of a program within the HESA reporting period.

The program the student is enrolled on must be 2 years or more in length. The majority of PGT programs, including the Education funded PGCE programs, are excluded from this analysis as they are 1 year in length.

The data is taken from the end of year HESA Student Record, submitted in Autumn each year, e.g. the 2012/13-2013/14 retention rates were calculated after the HESA Record was submitted in Autumn 2014. There are 3 rates that are calculated:

- **Students Retained at LJMU -** % of students retained in the University - this includes all students who have stayed on the program, transferred programs within LJMU but NOT left LJMU.
- **Students Retained within the Faculty -** % of students retained on a Program within the same Faculty. This includes students who stayed on the same Program and those who transferred to another Program within the Faculty
- **Students Retained on a Program -** % of students retained on a Program - the student must be on the same Program of study in 2 consecutive HESA Student Records

Exit Cohort Statistics

Undergraduate Exit Statistics - 2:1 and Above Rates

Rates are calculated based on the Degree Classes obtained by Undergraduates studying a First Degree Program (e.g. BA, BSc) each year:

- **2:1 and Above Rate** - Percentage of students who completed and achieved a 2:1 or Above, e.g. if 100 people in total successfully completed in 09/10 and 50 got a 2:1 or above then the rate would be 50/100 = 50%
- **Classified Only 2:1 and Above Rate** - Percentage of students who completed with a Classified award (i.e. 1st, 2:1, 2:2, 3rd) who achieved a 2:1 or Above, e.g. 100 students completed their course, but of those 80 got a Classified Award, with 50 achieving 2:1 or above. The rate would be 50/80 = 62.5%

First Degree Qualifications Breakdown

Cohort		Qualifications							2:1 and Above	
Year	Total Completed	1st	2:1	2:2	3rd	Ordinary (Bachelors)	Referred (Fallback)	Other	Rate	Completed in Time %
2425	161	35	82	31	8	0	0	4	**73%**	70%
2324	204	38	107	54	4	0	0	1	**71%**	71%
2223	166	33	77	42	10	0	0	4	**66%**	62%
2122	159	40	57	44	8	0	0	10	**61%**	60%
2021	143	31	71	32	4	0	0	5	**71%**	68%

1920	198	71	75	40	4	0	0	8	**74%**	73%
1819	176	28	99	41	6	0	0	2	**72%**	72%
